

GUARANTEE OF EXCELLENCE

MAIN REGISTER

At Shadowmaker, we believe in only the best for our dogs. And as such we only breed to improve the quality of the breed & to provide people with the best family companion.

We are governed by good breeding practices with compliance to ANKC Code of Ethics, to reduce the risk of any inherited defects such as –

Hip/Elbow Dysplasia, when x-rayed at **1 year of age** exceeding ANKC recommended scores, missing teeth, bite faults and other proven inherited diseases that may preclude the dog from being bred from on the Main Register dogs.

The purchaser must also acknowledge the fact that although every effort is taken by the breeder to minimize genetic faults, it is not possible to totally prevent genetic influence in breeding.

So in the event of any of the above listed Inherited defects becoming apparent after purchase of your pup and before the age of 18 months the Breeder requires the following process to be followed;

1. It is the responsibility of the purchaser to notify the breeder within 28 Days of the defect being suspected.
2. It is the responsibility of the purchaser to obtain a Qualified Veterinary opinion of the suspected defect and supply a written and signed statement from the consulting vet to the breeder of said issue.
3. The breeder will then have the right to request a second opinion from an independent specialist, in order to confirm the existence and extent of suspected Inherited defect, and if desired nominate the Veterinarian.
4. In the event of an Inherited defect suspected, being diagnosed and confirmed by the above process, the breeder agrees should the pup have to be euthanized, to replace the pup after the return of the defective pups relevant registration papers etc.
or in the event of the purchaser wishing to keep the pup the breeder agrees to appropriately compensate the owner depending on severity of defect, up to 50 percent of the sale price of the pup.
Or if the owner wishes to return the animal, no more than 100 percent of the cash will be refunded at the breeders absolute discretion.
5. It is a condition of this Guarantee that the purchases at no time within the first 18 months give this pup any formal or strenuous exercise regime or feed an incorrect diet, and there will be No replacement for temperament as this can be environmental. It is the purchasers responsibility to ensure appropriate training and correct socialization. We recommend attendance to a qualified obedience class for the first 12 months. Large dogs do not become good citizens by accident it requires work, training and commitment.
6. No Main Register dogs/bitches may be breed from before they are 22 months old for bitches, and 18 months old for males. They must have attained all health Certificates including JLPP Certificates, and the owners have Registered a breeding Prefix with the ANKC.

7. In the event that you no longer wish to own your purchased dog from us and are considering giving it away, the breeder (Shadowmaker) are given the first opportunity to have the dog return to us.

8. Studding or breeding from a main registered dog will need approval from us (the breeder). In the position of a co-owned dog, Shadowmaker will need to approve the breeding with the purchaser, in these cases the Breeder (Shadowmaker) and the purchaser will share 50% of said breeding profits.

9. Exclusions of this warranty include;

- Poisoning
- Accidental death
- Death caused by misadventure
- Any type of Cancers
- Parvo or any other contagious diseases.
